

Mounting Clip MC-OM101

This steel mounting clips, shown below, holds one transceiver and comes in two versions, the MC-OM101 and the MC-OM101-DIN. The transceiver clips into this bracket, and may be installed or removed without the use of tools. The MC-OM101 clip can be attached to a mounting surface using screws (not supplied), the MC-OM101-DIN comes with a pair of DIN rail mounting brackets and can be installed on a DIN rail.

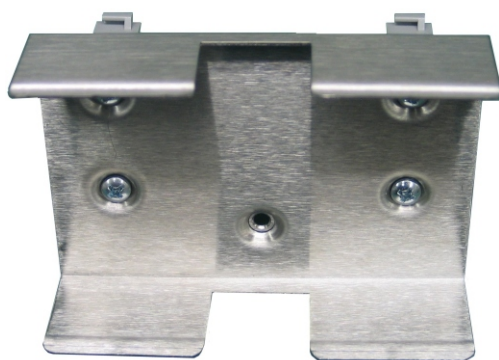

NOTE: This mounting clip supersedes the MC-OM100 plastic clip.

This clip mounts the following Luxcom products.

- OM100
- OM101
- OM101-AUI
- OM101-PD
- OM1000
- OM1001E
- OM1001-AUI
- OMC1E
