Mounting Panel MP5-P

This 1U high 19" rack mount panel holds up to six modems. The mounting plate is attached to the modem using the screws which hold the modem together. This is the MP5 panel with an auxiliary power supply (LTIPS-5-4-U-2), harness and mounting hardware. This eliminates the clutter of having six separate power cubes. Filler panels (FP5) can be ordered to cover unused slots.

This panel mounts the following products.

- OM100
- OM101
- OM1000
- OM1001E
- OMC1E

Dimensions (H*W)..... 1.75" x 19”
Previously called MP-OM100
